If you don't do it you'll wish you had—set out some trees around your home this spring. If you set out the right kind of trees, and set them out right, and then take care of them, they will grow and do well. In a few years you can have a nice grove of beautiful shade and ornamental trees around your home. We can furnish the trees and set them out for you if you wish. Phone 9. ALLIANCE NURSERY, J. P. ## INSTALLS NEW PICTURE MACHINE

Harry Dubuque, owner and manager of the Empress, installed a brand new Powers, No. 6-A, 1913 model, moving picture machine this week at a cost of \$315. This machine is the very latest that money can secure and will help to keep up the high standard of entertainment which has been furnished by Mr. Dubuque to his patrons at the Empress. The other machine, which always does very good work, has been placed in the Crystal.

Mr. Dubuque purchased the interest of Carter Caulder in the Crystal the first of the week and in the future will manage both shows. He is spending about \$1500 in making extensive alterations in the Crystal show room. While in Denver last week Mr. Caulder closed a contract with the Plantages circuit, which books high class vaudeville throughout the west, to furnish a vaudeville act at the Crystal Thursday, Friday and Saturday evenings each week. The same vaudeville troupe which will appear here play at the Empress and Tabor Grand in Denver, assuring Alliance people the very highest class.

The Brucers, the first to appear on the Plantages circuit, will appear at the Crystal this evening and Friday and Saturday evenings. They are specialists in buck and wing dancing, singing and comedy.
